1. Scope of This Policy

This policy describes how this website handles information submitted through contact, appointment request, and other website forms. It applies only to this website and not to third-party websites linked from it.

2. Information We May Collect

Information may include your name, email address, telephone number, preferred appointment information, and the content of messages you choose to send. Basic technical information such as browser type, device type, referring page, and general usage data may also be collected if analytics are enabled.

3. How Information May Be Used

Information may be used to respond to questions, process appointment requests, communicate about services, operate and improve the website, maintain security, and comply with applicable legal obligations.

4. Health and Sensitive Information

Website forms should not be used for emergencies or for submitting highly sensitive medical information. An appointment request does not establish a provider-patient relationship and does not confirm an appointment.

5. Sharing of Information

Information is not sold. It may be shared with service providers that support website hosting, form delivery, scheduling, security, or analytics, subject to appropriate contractual and confidentiality obligations. Information may also be disclosed when required by law.

6. Cookies and Analytics

The website may use essential cookies and, if configured, analytics tools. Browser settings can be used to restrict cookies, although some website features may not function as intended.

7. Data Security and Retention

Reasonable administrative and technical safeguards should be used to protect collected information. No internet transmission or storage method is completely secure. Information should be retained only as long as needed for the purposes described in this policy or as required by law.

8. Your Choices

You may request access to, correction of, or deletion of information you submitted through the website, subject to legal and operational limitations. Requests may be submitted by calling (504) 201-3919 or emailing michael@chiropracticstrategies.com.

9. Children's Privacy

This website is not directed to children under 13, and it is not intended to knowingly collect personal information from children without appropriate authorization from a parent or guardian.

10. Third-Party Links

Links to mapping, review, social media, or other services are governed by the privacy practices of those third parties. Chiropractic Strategies Group is not responsible for their content or privacy practices.

11. Policy Updates

This policy may be updated as website tools, office processes, or legal requirements change. The effective date at the top of the policy will be revised when material changes are made.
